## What is this field/ministry?

World Team has been church planting in Cameroon for many decades. We have teams working in 5 different villages and regions. Our teams are meeting physical, educational, and spiritual needs through community development work, literacy and Bible translation, and evangelism and discipleship within local churches. Communities are being transformed by the gospel in Cameroon.

## What is this trip?

Interns will get to interact with two of the cultures we work amongst, the Baka & the Esimbi. While observing, learning, and being immersed in these cultures, interns will use their gifts and skills to help churches develop authentic worship expression in their own language. This work will allow our full-time teammates to continue to disciple and encourage praise and honor to God within these church plants.

This also allows a platform to share the hope of Jesus with those in their language group who do not yet follow Him.
