## What is this field/ministry?

World Team has been serving in Cambodia for 25 years. The World Team University Dorm exists to glorify God by investing and equipping the future leaders of Cambodia to make disciples and be agents of change in their communities. This is accomplished by providing full time Cambodian university students with safe housing in Christ centered community that focuses on intentional discipleship, wisdom and knowledge of scripture, development of life skills, and connection with the local church through worship and fellowship. The dorm opened in 2021 and houses both male and female students in separate buildings. Young adults are searching for their identity and place in the world and our desire is to show them the love of Christ in the hopes that they find their identity and peace in Him.
