World Team Philippines seeks to use innovative strategies for evangelism, discipleship, church planting, training national believers, and sending workers into the harvest. Churches are growing in the Philippines! However, many Filipinos remain unreached by the gospel of Jesus Christ. The Caramoan Team seeks to use their skills and passion for the environment and evangelism to transform coastal communities and hearts. For more information on their environmental work, visit [reefsforlife.org](http://reefsforlife.org).
