

The Philippines

World Team Philippines seeks to use innovative strategies for evangelism, discipleship, church planting, training national believers and sending workers into the harvest. It is our heart to see Filipinos empowered to serve locally, nationally and internationally.

Churches are growing in the Philippines! However, many Filipinos remain unreached by the gospel of Jesus Christ. World Team workers from multiple nations and cultures work together creatively to share the truth and love of Christ in ways that preserve the integrity of the Bible while also seeking to be culturally relevant to those we serve.

Innovative strategies make it easier for World Team workers to enter a community, beginning with finding ways to serve people and share Christ's love concretely. Some examples from our field include providing basic medical help, offering computer classes and even starting a coral reef preservation initiative!

Loving Holistically

Our goal is to love people holistically, serving in ways that help here and now, as well as in ways that have eternal impact. Through prayer, as we build relationships and model Christ-like character, we gain opportunities to share about the hope we have in Christ. It's exciting to watch God at work in people's hearts, changing them from the inside out!

Ministering in both rural and urban communities, our workers meet a variety of people and face a variety of challenges.

The Happy Family team works among the urban poor, fighting against voicelessness and brokenness while working to plant churches where God's truth and love can burrow deep into people's hearts. Kid's ministry, feeding programs, health clinics and Bible studies are just a sample of how this multicultural team ministers, bringing hope through the truth of Christ.

Love God · Love People · Make Disciples

Coastal Communities

In the coastal communities of Caramoan, far from any urban center, another team has brought ecological help and awareness. Now, as they recruit local students to help with their environmental efforts, they also build relationships and start Bible studies among their volunteers.

Educating Missionary Kids

Some of our workers serve at Faith Academy, an international school formed for the education of missionary children. Not only do the staff disciple a new generation of believers, but they also make ministry possible for hundreds of missionary families as they provide education for their children.

God is at work here, and his harvest is ripening. We need more workers; maybe YOU are one of them!

Ministry Overview

People	Filipino
Language	Tagalog
Location	The Philippines
Opportunities	<ul style="list-style-type: none">• Church Planting• Evangelism & Discipleship• Coral Restoration Project• Faith Christian Academy• Children's Ministry• Mercy & Justice ministries• Community Development

Are you somebody open to joining God's work in a new place? Would you love to learn from another culture while meeting new people and grow in your faith as you share it with others? If so, would you prayerfully consider whether God might have work for you in the Philippines?
