## What is this field/ministry?

Naga City has a population of 220,000+ people, with nine colleges and universities in a small geographic area. The religious environment is 85% Roman Catholic, 10% animistic Muslim, and 5% other (including evangelical Christians and cults). Naga City is the center of Marian worship in the Philippines, with a yearly festival that can bring in around 2 Million people.

There are several evangelical churches in the area, but their impact on the city as a whole is relatively small, and their impact on the colleges is minimal. Our church plant is focused on a relational discipleship and community engagement approach to reaching several local communities, including college campuses and residential neighborhoods. Our location is between a row of colleges and an impoverished community. The church operates in a multi-lingual fashion with sermons in English and Tagalog.

## Eligibility

Candidates should be Christians with an interest in cross-cultural ministry and have at least one year of post-high school study. Qualities such as flexibility and humility are vital to cross-cultural life and ministry. You will need open eyes, a servant heart, and the courage to engage with people from cultures other than your own.

**Vaccinations:** Covid required
