## What is this field/ministry?

World Team has been serving in Cambodia for 25 years. The World Team University Dorm exists to glorify God by investing in and equipping the next generation of the Cambodian church. The dorm provides full-time Cambodian university students with a Christ-centered community focusing on spiritual, educational, and personal growth. This is achieved through intentional discipleship, wisdom and knowledge of scripture, development of life skills, and connection with the local church through worship and fellowship. As a result, students are equipped to stand firm in their beliefs and empowered to make disciples of Christ wherever they go.

The dorm opened in 2021 and houses both male and female students in separate buildings.

## What is this trip?

In partnership with the World Team University Dorm in Phnom Penh, interns will have the opportunity to interact with and serve Cambodian university students through discipleship and teaching life skills. Interns will participate in local outreach events and student

home visits in the province, learn about applied ministry practices, and experience the different facets of Cambodian culture both in the city and the rural provinces. Interns may have the opportunity to stay at the dorm during their internship pending space and duration of internship.
