## What is this field/ministry?

The INN (International Neighborhood Network) envisions a world where the hope of Jesus is transforming communities among all peoples, starting with the nations in our backyard. Our passion is to see the gospel proclaimed in cities where there is little to no gospel witness among unreached people groups that have found refuge in the US.

Compass provides a hands-on, holistic ministry and training opportunity while serving among unreached diaspora in the US alongside full-time church planters. You will be equipped to share the love of Christ in word and deed. Join the team and expand your relationship-building, evangelism, and disciple-making skills.

## What is this trip?

Compass uses a "just-in-time" training model. As you learn from experienced workers, you will have opportunities to put what you are learning into practice. We believe that true learning takes place as you experience the joys and challenges of implementing ministry strategies. Every step of the way, your mentor will be there to help guide you.

## What will I do?

- Learn how to impact an unreached community effectively by meeting felt needs and building genuine relationships
- Assist in existing ministries such as teaching English, working with children and youth, and more.
- Practice sharing the gospel with unreached people from different world religions and worldviews
- Discover how to disciple others who will disciple others
- Develop a ministry strategy to reach unreached diaspora in your city

## Eligibility

Candidates should be Christians with an interest in cross-cultural ministry and have at least one year of post-high school study. Qualities such as flexibility and humility are vital to cross-cultural life and ministry. You will need open eyes, a servant heart, and the courage to engage with people from cultures other than your own.
